

## **New League Procedure (League play only)**

Brookfield Indoor Soccer Complex is implementing a player ID card system into play for liability reasons and for team roster integrity. Every player who has a signed waiver will have a player ID card. The player ID card is *not* to hold players to a single team, but to hold all players accountable for their actions. The player ID cards are designed to assist Brookfield Indoor Soccer Complex management, helping keep all players safe and to have enforced consequences for those that act out.

Players that receive a red card will be automatically suspended for one week of games. Player will not be permitted to play in other games during that period. After suspension has been served, ID card can be picked up at concessions. Brookfield Indoor Soccer Complex reserves the right to extend a suspension for as long as management deems fit based off the infraction.
